- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Wintry showers are expected during the early hours of Tuesday morning bringing a risk of ice on untreated surfaces along with a slight covering of snow in places.

What should I do?

Keep yourself and your family safe when it is icy. Plan to leave the house at least five minutes earlier than normal. Not needing to rush, reduces your risk of accidents, slips, and falls.

If you need to make a journey on foot or by bike, try to use pavements along main roads which are likely to be less slippery.
